STYLE BITE

Spend less on updating your glasses with **Specsavers**. A huge range of Jasper Conran frames are in store now (like above), with classic and contemporary styles available. Pay just \$399 for two pairs, standard single vision PENTAX lens also included in the price. See specsavers.com.au.

VANITY CASE

Gillette's new Fusion Power Gamer shaver aims to deliver a hassle-free, comfortable shave with ease. Its unique five blade suspension system and advanced blade technology on the front and back of the shaving cartridge are designed to help minimise the impact of shaving against the grain. A precision trimmer blade, a single blade built into the back of the cartridge, allows for the easy trimming of sideburns and shaping the hair. The shaver also delivers soothing micropulses that help reduce friction and increase razor glide, so when the power turns on, it moves effortlessly and the blades are barely detectable. Gillette Fusion Power Gamer shaver, \$14.99, gillettefusion.com.au.
