*Tip!*  
When you're wearing a show-stopping dress like this, keep your accessories to a minimum

### *Fashion tips...*

■ While you want to show a little bit of skin on a date, keep it to a minimum. Take a cute jacket or chic wrap to wear over a revealing dress and steer clear of super-tight clothing.

Subtle is way more sexy!

■ Heels are a must. As well as dressing up your outfit, they'll make your legs appear longer and more toned.

■ Metallic accessories add a touch of glam – think gold or silver heels or a sparkly clutch.
